DENTISTRY @ 2030 VISIONARY CONCLAVE

Dear friends,

The Kerala Dental Council, in association with all stakeholders of dentistry, is conducting a one day conclave at Govt Dental College, Kottayam, named 'Vision 2030' on the 12th of December 2019. The conclave is aimed at addressing the problems faced by dentistry in general and providing insights into possible actionable solutions to tackle them. Constructive discussions regarding actions to be taken for improving the dental healthcare delivery system at the community level through the active participation of public and private dental healthcare systems is anticipated. Even more importantly, getting the public the best possible treatment for their known and unknown dental needs in a timely, affordable and conscious manner involving all the stakeholders will be of prime concern.

We hope to work towards bringing out a visionary document that will act as a blueprint to help formulate and execute plans at the government and dental council level as well as to make reforms over the next decade to face the obstacles that is highly likely to crop up in the field of dentistry in the domains of **Education, Private practice and Government service sector**. We hope that the formulation of this document will be a watershed moment that takes Dentistry in Kerala to the next level and one that may be adopted at the national level. We welcome every person associated with dentistry to come forward and provide insights that will help to make this conclave a grand success. Looking forward to your participation and valuable feedback. We welcome you all to Kottayam the land of lakes and letters.

Dr. Shaji K Joseph
President, KDC

Shri. Bhadran S
Registrar, KDC

Dr. V.T. Beena
Principal,
GDC Kottayam

Dr. Prasanth Soni Soman
Member, KDC
